Thanks for your report of reception of Station WKSN on November 21, during the NRC test transmission. Your report positively identifies the station as WKSN. Sorry there was so much QRM, but many of the other reports had the same difficulty, although most of them were definite.

WKSN operates 24 hours per day except from 3:00 AM to 8:00 AM on Sunday mornings, with 250 watts. Our antenna is a 150 foot self- supported tower located on the roof of the WKSN Building in downtown Jamestown.

WKSN-FM operates from 9:00 AM to midnight daily, with 100 percent stereo programming.

I'm glad you were able to pick up our station there. Thanks again for your report, and for arranging this DX program. Best wishes for a Happy Holiday season.

Very truly yours,
Radio Station WKSN
